Think you know? Think again!

Q: When and who invented anesthesia?

A: Dr. Morton's tenacity, driven by enthusiasm and discovery, led to making history on October 16, 1846, when he and renowned surgeon at Massachusetts General Hospital, John Collins Warren (1778-1856), performed the first successful surgical procedure utilizing anesthesia.

HELP KEEP FACULTY UP TO DATE-

Faculty can view their own T&E balances. If you get questions about this, just give them the following instructions: You can view your T&E balance and transactions by going to the department intranet page (<http://virtue.ucdenver.edu/index.asp>). Under the faculty section click on "T&E Balance." Login and you will be able to see your information.

"I like criticism. It makes you stronger." – LeBron James

EMPLOYEE OF THE MONTH

The last employee of the month was Caylen Coxall for the month of April 2015. Some of her deserving qualities are:

"Caylen is always willing to lend a hand when needed and has done a great job at trying to create a more cohesive department by taking the initiative to schedule regular employee get-togethers. She is also always able to bring humor to a situation, a much needed skill in a department as fast-paced and demanding as ours."

"Caylen is always willing to help with a smile."
